

"PLEASE, DOC, SOME ICE FOR SUNDAY?" After warm weather cancelled last Sunday's Ice Derby, NICC officers decided to call on local weather forecaster, Doc Solar, for help. Harry Stern (left) and Doc Solar took a mushroom out to the Derby site, and did a bit of consulting. Result, ice for Sunday's Derby!

## NICC Derby On Jan. 16

For the past five years members of the Northern Illinois Conservation Club have played for mild weather on their Derby day, and it never materialized. Their first derby was plagued by deep snow and cold; the second by sub-zero temperature; gale winds of 50 miles and more was the fare at the third derby, while the weather was just so-so at the fourth derby.

This year their cumulative prayers were answered in one fell swoop, and mild weather was the dish. So much so, there was hardly enough ice to chill a mint julep. And so club officials reluctantly postponed their fifth annual Ice Fishing Derby for one week, to Sunday, January 16, when the requisite six inches or more of ice will be present, making it possible to hold a safe derby for the expected 3000 to 5000 ice-box like Waltons. Scene of the big fishing event is the south end of Channel Lake, three miles west of Antioch on Route 173.

The Charlie Haling Resort and Marina and the Montgomery Ward store in Waukegan will have Snowmobiles on the ice to give free rides to all who want them.

Hot refreshments will be served on the ice all day long, and Wally Monhardt, parking chairman, reports ample spaces to park all the cars that show up. Starting time of the derby is 9 a.m. and it closes down at 4 p.m.

## Outlines Lions 1966 Program

William Seemann, installed Monday night as president of the Antioch Lions Club, outlined a vigorous five-point program for the club aimed at "an attempt to make every member an active member."

Albert Dittman was installing officer for Monday night's ceremonies. In addition to the president, those installed were Daniel Dugenske, first vice president; Ward Lear, second vice president; James Olson, third vice president; Richard Daniels, secretary; Gus Costello, treasurer; Arthur Meierdick, Jr., Lion Tamer; Mike Haley, Tail Twister; Directors for one year, Jim Fields and Richard Radke; directors for two years, Les Sorenson and Walter Shepard. The past president, Maynard Schneider, is automatically a member of the board.

Seemann outlined his five-point program as follows: First, to provide each vice president with specific duties. The first vice president will be responsible for fund-raising projects; the second vice president will work with the program chairman; the third vice president will be responsible for all non-fund-raising projects.

Second, Seemann set the fund-raising goal for the year at \$4,000.

Third, the new president hopes to bring the swimming pool bond issue to a head. He has appointed a committee to investigate the possibility of forming a park district for the village, of which the pool could be a part. The committee appointed to find a solution to the problem of paying for and maintaining the pool is headed by Ray Toft as chair-

## Start Program To Combat Teen Dropout

The office of the Superintendent of Public Instruction is embarking on a program to combat school dropout.

Ray Page, State Superintendent, has appointed a committee to work on the problem. Dates of the first meetings of the committee are January 13 and 14.

Superintendent Page stated that a study of the dropout problem indicates that "several procedures can be utilized to diminish dropouts through the cooperative efforts of local school districts, the office of the Superintendent of Public Instruction." (Continued on page three)

## Rescue Squad Calls In Last Week

The Antioch Rescue Squad took Jacob Schutz, 80, to the clinic and then back home on January 7.

Herman Babe, 76, Petite Lake, was taken to Victory Memorial Hospital January 8.

Pete Petersen, Rt. 5, and Wayne Christensen, 24, were taken to the clinic for treatment after a car accident on Route 173 at Hickory Road Jan. 8. They were treated for head lacerations.

man, and includes Maynard Schneider, Leonard Roblin and Dr. George Jensen.

Fourth, Seemann proposed to stimulate attendance of members by making the program of each meeting as interesting as possible. For this chore he appointed Ray Lorenz program chairman.

The fifth point was his resolve to attempt to make every member an active member.

## Fight Fire In Zero Weather

Antioch firemen fought a blaze at a home at Loon Lake for two hours Monday morning in near-zero temperatures.

"We had instant ice cubes in no time," said Todd Mapletorpe, acting fire chief.

The fire was at the home of Joseph Zettel on the east shore of Loon Lake. A summer home, the building was vacant at the time. Firemen were called by a neighbor at 10:55 a.m.

"The fire had a good start when we got there," Mapletorpe said. He said that about half of the building was demolished. The owner, he said, stated the building would probably not be worth rebuilding.

Firemen could not be sure

how the fire started, but said it apparently started in an upstairs bedroom. The electricity had been left on in the building.

It was necessary for the fire department to haul two extra truckloads of water, about 1,500 gallons, out to the fire before they could extinguish the blaze.

**BLAZE AT CHANNEL LAKE BRIDGE**

The Antioch firemen were called out Sunday afternoon when a fire started in straw at the bridge at the north channel on Lake Ave. at Channel Lake.

The fire occurred at about 4 p.m. The bridge is under construction and there was a quantity of straw at the site.

## Dance to Help Build Lake Villa Rescue Squad Home

Residents of Lake Villa hope to reach their goal of \$12,000 for a new home for the Lake Villa Rescue Squad with the proceeds of a dance to be held January 29 at the post home of the Lake Villa Veterans of Foreign Wars.

Volunteer workers have raised \$10,818 since July by door-to-door solicitation, a street dance, a movie, memorial funds and other affairs.

The Lake Villa Rescue Squad was organized in March 1956. There are now fifteen members on the squad. Their equipment includes a station wagon, ambulance, both equipped with first aid equipment, and a resuscitator.

## Supervisors Approve Zoning, Ban Pinballs

The Lake County Board of Supervisors passed two controversial measures Tuesday—the Lake County Zoning ordinance and an ordinance banning pinball machines.

The zoning ordinance was passed after the original map had been changed several times, mostly amendments submitted by supervisors. The portion concerning signs and flood plains was omitted for Tuesday's action, and will be reviewed before final passage. The omitted section will be revised and Antioch Supervisor Lloyd "Red" Murrie said will probably be passed before the ordinance goes into effect.

The new zoning ordinance takes effect April 1. All zonings will be suspended in the meantime. Supervisors may submit amendments to zoning of particular parcels of land until the March 31 deadline. Murrie urged that anyone who belatedly realizes his property has been unfairly zoned should contact him before the deadline to try to effect a change.

Supervisor Murrie voted for the zoning ordinance at Tuesday's meeting. He said that he had submitted about fifteen changes in specific zoning of property in his township, and that all were approved. They were mainly changes, he said, involving

property that had previously been zoned, and were under a new classification on the original map.

Supervisor Murrie said that he thought the zoning ordinance, as passed, was a "real good zoning map." "I think it's fair to everyone," he said, "and is an upgrading of all property."

Murrie said the fact that the new zoning ordinance requirements make a great many homes in subdivisions throughout the county non-conforming is undoubtedly aimed at eventual installation of a county-wide sewer system.

The requirements in the new zoning ordinance call for considerable more square feet per lot than are available to most established homes in subdivisions in the lake area, unless serviced by a sewer system.

Murrie said he doubted if provisions of the new ordinance would be enforced in such cases unless sewer service were available to residents.

## Elect 1966 Officers Of Kenosha Co. Fair

Five members of the board of directors of the Kenosha County Fair Association were re-elected at the annual meeting of the association last Monday night at Wilmot High School.

Returned to their posts as directors were Roger Sherman, Wilmet; Gilbert Tuttle, Salem; Robert Van Lier, Salem; William Ennis and George Price, Kenosha.

Alfred Schmidt, Salem, was elected to another term as president. Also re-elected to another term were George Price, vice president; Van Lier, treasurer; John Schumir, assistant fair manager; Donna Kaskin, secretary and Vernon Horne director at large.

The parade date was changed from Saturday to Sunday for the 1966 fair, and the tractor pulling contest was scheduled for Friday night instead of Sunday afternoon.

## Find Body of Baby In Fox Lake Swamp

The body of a two to three-month old infant was found in the yard of a Fox Lake home Wednesday morning, where it had been dragged by a dog.

Coroner Orville Clavey estimated the age of the baby at 2 to 3 months, and said the baby had probably been dead about two months.

Fox Lake Police Chief

Frank Meyer said the baby was a Negro. It was impossible to tell whether the child was a boy or girl, as only a small portion of the body was left.

Meyer said only a portion of the head, one arm and one leg was left, the rest of the body evidently having been eaten away by animals.

The body was found in the yard of her home by Mrs. June Gesman, 618 Livingston St., in Round Lake Hills Subdivision near Pistakee Highlands. The subdivision is a portion of Fox Lake.

She said her dog had brought the body into her yard Tuesday afternoon. Glancing out, she assumed it was the body of a small animal. Wednesday morning she went out to throw it from her yard, and discovered it was a portion of a baby. Mrs. Gesman was hysterical when she called the police, Chief Meyers said.

by the end of summer.

Meyers said he had asked residents to report the matter to police if cars drive down the dead end road. The property is private, he said, and his patrol cars "shag" lovers who park on such road and loiterers. The patrol cars can not be everywhere, he pointed out, so residents should report such matters to police, to forestall such occurrences as this one.

The Fox Lake police talked to many residents in the area, to find out if there were any local residents who could supply any clue to help identifying the baby. The interrogations were without result.

Chief Meyer said that at the present time there are no clues to the baby's identity or to how the body got in the swamp.

## Car Hits Tree When Driver Loses Control

Duane L. Christensen, 24, of 321 Oakwood Drive, Antioch, and Peter Petersen, 32, of Rt. 5, Box 152, Antioch, were injured Saturday night when their car spun off the road and hit a tree.

The accident happened about 3 a.m. on Route 173 near Grimm Road. Christensen, driver of the car, said he lost control after hitting a patch of ice.

Both men were treated at the Antioch Clinic.

## Motorist Killed In Collision With Train

A Lake Zurich motorist was killed last Wednesday morning in a collision with a train near Mundelein.

The victim, Orville W. Gross, 53, was dead on arrival at Condell Memorial Hospital.

The accident happened at the Soo Line's Winchester Road crossing, just west of Route 45.

The death raised the Lake County traffic toll to five for 1966.

## Mrs. Fields Lake County Cancer Fund Chairman

Mrs. Sara Fields has been appointed chairman for the 1966 American Cancer Crusade in Antioch. It was announced recently by Mr. Robert A. Dietmeyer, Lake County Crusade Chairman.

The American Cancer Society will conduct a fund raising drive in Antioch this Spring. Contributions will aid a program of Research and Education to help combat this country's number 2 killer.

Mrs. Fields stated that volunteer workers are desperately needed for the drive and encourages anyone interested to call her at Antioch 395-1215.

## Fire Damages Home West of Antioch

The Antioch Fire Department was called out at 9:15 a.m. Sunday, January 9, when a fire broke out at the home of Louis Repan, California subdivision west of Antioch.

Firemen fought the blaze for 45 minutes. Firemen estimated that about \$1,000 damage was done to the house.

It was believed the blaze started from a faulty chimney.

## Antioch Teens Collect \$145 For March of Dimes

Antioch teenagers collected \$145.83 last week to contribute to the March of Dimes fund for the drive against birth defects.

About 50% of the money was contributed by students at Antioch High School after viewing a film at the High School showing how the crippled are cared for in hospitals receiving Blue Crutch funds.

Saturday was Blue Crutch Day in Antioch, when the Antioch students stationed themselves in shopping areas in the village and asked donations to the fund. About 50% of the total was collected that day.

The fund drive was sponsored by the Student Council of Antioch High School. David Chandler, vice president of the council, was in charge of arrangements and organization of the drive.

Student Council members who went out Saturday to ask for donations to the fund were Marty McConahay, Allen Osterlund, Judy Fillweke, Tim Osmond, Fred Gras, Glenna Burns, Karen Sheehan and Debby Chandler.

Harrison Brown is faculty adviser of the Student Council.

"I was against passage of the ordinance banning pinball machines used simply for entertainment value," Supervisor Murrie said. "When I voted against banning them, I was thinking of the many small businesses in my township to whom the small income from these machines may be the difference between making a living and going broke."

"There are 230 of the machines licensed in the county," Murrie said, "and 65 of them are in my township. I was not defending the use of the machines for gambling."

The anti-pinball ordinance becomes effective immediately. However, Board chairman Kenneth Henke said he felt that the sheriff's office would probably give owners of the machines until the first of the week to dispose of them.

Once enforcement of the ordinance is started, possession of the machine can lead to a \$200 fine for the owner. People who play the machines will probably not be charged with violation of the law, Henke said.

The pinball ban does not affect possession of the machines in unincorporated areas of the county.

## Coming PM&L Musical Spoofs Early Operettas

P.M.&L. will present a musical comedy, LITTLE MARY SUNSHINE, on January 28 and 29, and on February 4 and 5. The production is a good-natured spoof of the popular operettas of the early part of this century.

The music harkens to the style of Sigmund Romberg and Victor Herbert, offering both nostalgia and beauty. LITTLE MARY SUNSHINE, with book, music, and lyrics by Rick Besoyan, enjoyed a long run and excellent critical reviews in its original Broadway showing in 1959.

Al Bicar has been cast as Corporal Billy Jester, Wes Camp as Captain "Big Jim" Warrington. Both of these dauntless heroes lead a company of Forest Rangers on a secret mission to capture a notorious band of Indians that have been "ravishing the land of wild game and wantonly setting forest fires."

Sydney Morton will take the role of Little Mary, owner of the Colorado Inn, high in the Rocky Mountains. Dee D'Isa and Gloria Davis will perform alternately as Nancy Twinkle. Bob Thomley as Chief Brown Bear, Rich Trimen as General Oscar Fairfax, Retired, and Betty Beveroth as Mme. Ernestine von Liebedich will also appear. A chorus of the ladies from a finishing school will be featured in musical selections and dance numbers.

Jerry Tullos is serving as choreographer. Ken Smouse is directing.

Performances at P.M.&L.'s Main Street Theatre will begin at 8:30 p.m. for the four nights of the show.

The first blizzard of the winter hit Antioch and Lake County Wednesday morning with heavy snow drifting in a strong east wind. Snowplows were out in force, trying to keep roads clear. This picture is of Main Street in Antioch, with the blowing snow making the air hazy.

## Don't Park On Street Overnight, Warns Police Chief

"Don't park your car on the street overnight," warns Antioch Police Chief Jack Heick.

Chief Heick reminded residents that the ordinance forbidding overnight parking will be enforced when it's necessary to have the street clear for snow removal. Cars that interfere with snow plowing will be towed away at the owner's expense, he said.

Parking on the street is not allowed between midnight and 7 a.m.

## EDITORIAL

## Amish vs. The State

A group of Amish folk near Hazleton, Pa., have undertaken to fight it out with the government. As usually happens, in such cases, we feel the Amish will eventually lose their battle.

The Amish refuse to send their children to public schools. They maintain elementary schools of their own, with an Amish teacher who has an eighth grade education.

The Amish teacher, having only completed elementary school, is of course not a certified teacher. Therefore, authorities are trying to force the Amish people to send their children to an accredited school. The Amish refuse.

We can all admire the spirit of sturdy self-reliance which makes the Amish insist on adhering to principle in raising and schooling their children as they see fit. However, as so often happens when a religious sect goes to war with the law, the point over which they tangle hardly seems like a noble principle on which to hang a crusade.

Though the Amish people may not like the idea of exposing their children to the influence of public schools, other Amish groups have bowed to the law and their children go to school with the others in their districts. So they can hardly claim exemption on religious grounds.

It would be hard to believe that the children will receive as good an education in a small, one-room school taught by a person with an elementary school education as they would in the public school.

The law decreeing that every child shall attend school was aimed at educating all children. Parents are not necessarily the best judge of how much or what quality education their children shall have. The law protects the child from both the negligent parent and the over-zealous parent.

Whether or not attending public school will have a deteriorating affect on the morals of the children would be hard to say. But we suspect that, while the Amish parents and the law wrangle over which school the children will attend, a good many of the children are secretly hoping their parents will lose the battle.

## Courthouse Notebook

BY LOU DURKIN

Announcement by the Democratic party that two candidates for each legislative district in the House of Representatives election will be certified almost certainly means a four man race for three seats in the fall election.

Normally the winners in the primary get a free ride in the general election because the two parties get together and nominate a total of three men, but with this uncertainty about the new districts it would be difficult to get one party or the other to concede two seats to the opposition.

Competition in the general election will put a severe strain on party ties and loyalties since both candidates from each party in the interest of self-preservation will urge a single cross opposite their own names which would give them three votes and none for the rest of the candidates.

Of course, there will be pledges from the candidates that they will ask for a straight party vote which would give each candidate one and a half votes, but human nature being what it is the pledge won't carry much weight.

A. B. McConnell, of Woodstock, has officially thrown his hat into the ring for the Republican nomination for State Senator from the new district comprised of eastern McHenry County, western and southern townships in Lake County.

A veteran state representative who was unseated in the at-large election in 1965, McConnell has many connections in the two counties and will be a formidable candidate.

date, particularly if a large field of candidates enters from Lake County.

State Representative John Henry Kleine, of Lake Forest, has been prominently mentioned as a candidate for the Senate post, but he is being urged by some GOP leaders to enter the race for re-election to the House.

With Democrats Dan Pierce and Howard Slater both of Highland Park, probable candidates for re-election to the House, the Republicans would be in the position of running a newcomer along with Francis Berry of Libertyville, if Kleine runs for the Senate.

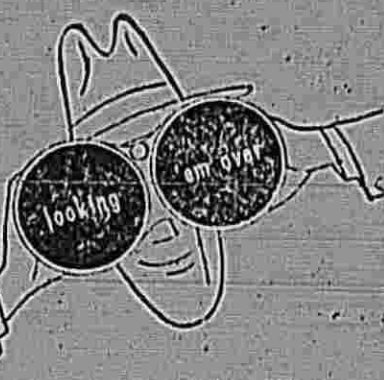

In such a situation the Democrats would stand a good chance of electing two from the southern House district.

Kleine has said he will definitely be a candidate, but he won't announce until Jan. 22 which of the two offices he will seek.

Guy O. Lunn, a former county treasurer, who passed up the campaign for the post four years ago, is expected to announce his candidacy for County Treasurer before the end of the month.

Lunn appears to be the only one of several candidates who has definitely made up his mind to enter the fray and an early announcement by the veteran political figure could keep the rest of the horses in the barn.

Still giving serious thought to making the race is Robert F. (Si) Williams, City Treasurer in Waukegan and a long time leader in the Republican party in Waukegan. The incumbent County

By Pearl Kapell

Americans have to have a visa to travel in Russia. But there's one distinctly American species now rambling freely on Russian soil.

The American Raccoon was accidentally released in Russia and is propagating and thriving in that cold country.

In 1929, a raccoon escaped from the Moscow Zoo. He was recaptured the following spring after successfully wintering in a forest. Because the raccoon survived the winter on its own, the Russians decided to release more.

In 1936, they released 22 raccoons in a forest. At least 10 or 12 were still there the next year.

From then on, about 1,200 raccoons were released in widely scattered parts of the country. They increased to where there were raccoons in fur trade in 1954.

Could this be a start of Americanization of Russia? At least, they like our raccoons.

FORGET THE NUT THAT HOLDS THE WHEEL

For years, newspapers, radio and TV have been sounding warnings of traffic deaths. Driver Education in high schools is aimed at making better drivers, thus reducing the traffic toll. Traffic experts from police departments show grisly pictures resulting from speed, alcohol and carelessness. Safety groups take surveys, cite dangers and seek to educate the public.

And the traffic toll keeps right on climbing. The National Safety Council forecasts the death toll every holiday, and we always exceed their expectations.

Now a writer has come along with a new idea.

Why try to make millions of people safe drivers—obviously an impossible task—when you can solve the problem by making the car crashworthy, asks Ralph Nader in his book, "Unsafe at Any Speed."

Nader will be most unpopular with car manufacturers and safety groups. He accuses them of being motivated more by mercenary concerns than human safety. Forget styling and concentrate on designing for safety and the traffic toll would drop.

Sounds like a comparatively simple solution to a tragic problem. Most good solutions are simple.

A new portable diving unit will make it possible for skin divers to stay under water 40 to 50 minutes without the inconvenience of having an oxygen tank on their backs.

The Aquanaut, introduced by Evinrude Motors, is a floating unit which feeds air to the underwater swimmers. The two 25-foot hoses, fitted with face masks, make it possible for two divers to make use of the Aquanaut at the same time in a Buddy system. As the divers swim, their hoses pull the Aquanaut along with them.

Treasurer Karl Berning cannot, under the state constitution, succeed himself so it is likely that he will run for State Senator.

Resort owners in Lake County are taking another beating from the weather, and toboggan slides and ski runs are taking on a forlorn appearance.

The past summer was rough weatherwise and many resorts which cater to ice fishermen, skaters and other outdoor types had hoped to recoup somewhat this winter, but the lack of snow and abnormally high temperatures have shot a substantial part of the winter with no action as yet.

For some of those who have been operating on a close margin this unlikely weather could mean the end of their business.

It makes their desire to have pinball machines, slot machines or something a little extra going for them easier to understand.

You know what your intentions are at an intersection, says the Chicago Motor Club, but the other driver doesn't. Always signal well in advance for stops and turns.

## ALONG THE WAY with Annie Mae

Now that the Holidays are over and the decorations are back in the attic, the Arthur Meierdirks ended them officially by having a Twelfth Night celebration and bonfire. Attended by the Doc Warners, Fred Walpoles, Len Robbins, Ron Gaas, Earl Papes, and Ev Offedahlis.

Speaking of Art Meierdirks, congratulations are in order for his recent promotion to foreman of the Antioch Dial Office.

It's a Florida tan the John Teronis, Ed Jacobs, and Tom Griffin are wearing these days. While they're in some practice golf, but seems the low flying birds have Tommy Griffin a multi-colored hat.

Leona and Edna Petersen are sporting those Florida tans also.

"Fun Times Had" was the topic of the evening at Lorenz's, Wednesday night. It was a going away dinner party for Betty Waite, hosted by Pat Lorenz, Ann Buck, Dolores Abderholden, Caroline Costoff and Ann Kakecek.

Jim and Gail Fields gave a surprise dinner party in their home for her parents, Mr. and Mrs. "Pete" Petersen, honoring their 32nd anniversary.

When are Mr. and Mrs. George Hahn going to take advantage of their Christmas gift of a trip to Hawaii?

After spending five weeks in the hospital, Russ Stowe

is home recuperating from a back injury.

Another Hospital Note: Betty Meierdirks (U.S.S. Navy) was released from the hospital and is now home mending a broken leg. How about some cards up to Betty at her new address, Indian Trails Campground, Pardeeville, Wisconsin.

Rumor has it that a local business man wants to jump from the frying pan into the fire. But his wife gives thumbs down on divorce proceedings.

How many villagers are going to pay their up-coming water bills? Speaking of villagers, who's going to replace the very competent Jim Quedenfeld since he's bettered himself elsewhere?

Let's give credit where credit is due. To all the boys and girls who belong to the Junior Bowling League and those who backed them.

STRANGE CANINE CUISINE: Jean and Russell Homan have found out what is meant by the expression, "He's eating us out of house and home." That new Great Dane they acquired likes to dine on wood, (such as bits of furniture and dog frames), rugs, etc.

I've got my ear to the ground but can't hear everything. If you have anything to tell me I'd be happy to listen. 395-4111.

Sincerely,

Annie Mae

Letters to the Editor

Dear Teen-Agers of Antioch Community High School:

On behalf of the Executive Committee of the Metropolitan Chicago Chapter of The National Foundation - March of Dimes, I want to extend most sincere thanks to you young people for your outstanding support of Blue Crutch Day, Saturday, January 8th.

Your unanimous vote in favor of sponsoring a Blue Crutch Day, in Antioch was indeed heartwarming. The results of your efforts are equally commendable.

I take personal pleasure in writing to you to thank you for your assistance. You teen-agers of Antioch are a credit to your generation. You exemplify the responsible spirit of young people today for those who are less fortunate. Many thanks.

Sincerely,  
Harry E. Green  
1966 General Campaign  
Chairman March of Dimes

129 Eastview Drive  
Normal, Ill. 61761  
Jan. 5, 1966

Editor NEWS  
Antioch, Ill. 60002  
Gentlemen:

We hear a lot these days about the danger of extremism.

Sometimes I wonder if such a hue-and-cry doesn't serve to hide an even greater danger—that of fuzzy thinking and inconsistent action taken thereon.

For example, how can any straight-thinking person advocate "civil rights" while at the same time trying to force the working man to belong to any kind of an organization in order to get and hold a job? If that isn't double-talk, what is it? Is not the right to choose what you belong to an important civil right? Why should the right to work carry with it a obligation to pay a kind of bribe or blackmail? Yet all liberals and many organizations—including the National Council of Churches—take these conflicting positions.

Then there's all the fuss over Rhodesian independence. The very same people who have urged independence for every little pip-squeak nation under the sun are now loudly proclaiming that Rhodesia should NOT become independent. And why not? Because (they say) it is very wrong for the Negro majority to be ruled by the white minority.

Judging by their past record, these same liberals would eagerly support Rhodesian independence—if the skin color were not involved.

Their reasoning can be tested in another way. On the face of the globe are dozens of countries that are

The Law Serves You

A Public Service of the  
ILLINOIS STATE BAR ASSOCIATION  
AN UNWRITTEN  
CONTRACT

How many times have you heard someone say that a contract is not binding unless it is in writing, or unless a witness was present when it was made? Do you think this statement is true?

In Illinois there are very definite laws dealing with this subject. Contracts dealing with certain matters are not enforceable in court if they are not written and signed by the parties involved, while other contracts need not be written, and are enforceable in court although made only orally. If you tell this to your friends, many of them will be surprised, and you can expect some of them to ask how an oral contract can be proven in court.

The answer is that the contracting parties take the witness stand, and testify under oath that the contract was made and what its terms were. Of course, it sometimes happens that the parties testify so different versions, and then it is up to the jury to decide which of the parties is testifying accurately. In such a case, the testimony of a witness who is not connected with the case is very valuable.

Three Types of Contracts.  
Just what contracts must be ruled by only 4% of the people—the Communists. Isn't that just as wrong as for Rhodesia to be ruled by the whites?

Yet we don't hear a peep out of the liberals on this score. Apparently they'd have us believe that Rhodesia is the only nation where minority rules, when in fact that how ALL Communist countries are ruled. Instead of hearing threats of military action or economic sanctions, we are told that we must "co-exist" with the Reds. Cannot this great nation also co-exist with an independent Rhodesia? Apparently not, if what we read is true.

The Bible says, in effect, "Seek the truth and it shall make you free." If this works the other way around, then falsehood can put us in chains—the chains of ignorance and fear and prejudice, if not the literal chains of Red slavery.

Why does it make such a difference whose "ox is being goosed?"  
Yours truly,  
Morris H. Banner

## Tax Revenue High In Ill.

Figures compiled by the Bureau of Economic and Business Research of the College of Commerce at the University of Illinois show that tax revenues in Illinois during fiscal 1965 amounted to \$1,219 million, putting Illinois fifth in tax revenues in the fifty states. Only California, New York, Pennsylvania and Michigan took in more tax money.

However, the per capita tax burden in Illinois was small compared with that in other states. Only 11 states had per capita tax payments below the Illinois rate of \$114.50. Delaware leads the list in per capita payments with \$239.50, and Nebraska is low with \$28.01.

About 85 % of Illinois' tax collection is from sales and occupation tax. The largest single revenue source in Illinois was the tax on sales of motor fuels, which yielded \$170 million in 1965. The second largest yield was from motor vehicle licensing and registration. Illinois collected \$123 million from this source. Sales taxes on automobiles and automotive parts provided the State with an additional \$122 million. In all, taxes on sales and operation of motor vehicles accounted for nearly 30% of the state's tax revenue.

be expressed in writing in order to be legally enforceable in Illinois? The three most familiar types are for the purchase of land, any promise which will take over a year to perform, and for a purchase of personal property for an amount above \$500.

Although these contracts cannot be enforced if they are not in writing, they are not void. The law has come to be that an oral contract, unenforceable when made, may become enforceable if the parties begin to perform under it. Of course, if both parties fully perform their part of the agreement, the contract is fulfilled and cannot be set aside.

It is always wise to put a contract in writing if it concerns a matter of importance, or if its terms are complicated, even though the law does not require it to be enforceable because the opportunities for fraud, perjury, and dispute over terms are considerably lessened.

"The Law Serves You" is written to inform and not to advise. No person should ever apply or interpret any law without consulting his attorney. Even a slight difference in the facts may change the result under the law.

Motor vehicles and motor fuels brought in the greatest tax revenue, and road construction costs were high in Illinois. Costs per mile of highway construction in Illinois are higher than those in seven other Midwestern states. In 1963, the average cost of building one mile of interstate highway was \$1,200 million in Illinois. This was more than twice the average cost for construction of similar roads in Missouri.

On federal-aid roads other than interstate, Illinois ranked fourth in the states with an average cost per mile of \$127,000. On roads built without federal aid, the cost was \$46,000.

| 34. Loans as shown above are after deduction of valuation reserves of        | 128,998.85     |

I, E. J. Stetten, Vice-President and Cashier, of the above-named bank, do hereby declare that this report of condition is true and correct to the best of my knowledge and belief.  
E. J. Stetten  
We, the undersigned directors attest the correctness of this report of condition and declare that it has been examined by us and to the best of our knowledge and belief is true and correct.  
Elmer W. Rentner, R. E. Barnstable, Edmund F. Vos, Directors

Who, Me

"Little Shaver"?

You Must Mean

"Little SAVER"...

## I'VE EVEN GOT MY OWN ACCOUNT...

My folks are pretty smart, even if I do say so myself. They opened a Savings Account in my name and have trained themselves to put a little something (sometimes a lot!) into it every pay-day. And day by day it earns interest! This way, when I'm ready for college, or need something special, I'll have a "bundle." Lucky me!

## Health Dept. Warns Of Rheumatic Fever Danger

The Lake County Health Department warns that there is a danger of a rise in the incidence of rheumatic fever in Lake County.

Dr. Arthur G. Bakre, Medical Director of the Health Department, says that there has been a significant outbreak of illnesses which, if not treated promptly and properly, can result in rheumatic fever. These illnesses are strep throat and scarlet fever.

"Although we always expect a rise in the number of cases of these diseases each winter," stated Dr. Bakre, "recent reports have been

the cause for special concern."

"Strep sore throat, scarlet fever, or scarletina, as it is sometimes called, are all streptococcal infections that can lead to rheumatic fever," he said.

"Strep infections, however, need not lead to rheumatic fever. If every strep infection were promptly and thoroughly treated with penicillin or other antibiotics, rheumatic fever could be all but eliminated from the illness statistics of the next generation."

Dr. Bakre said that parents and teachers should be alerted if a child complains of a sore throat and has a fever of 101 degrees or more. An appointment should be made with the family doctor right away. Parents should then insist that the physical swab the child's throat and culture for strep germs.

If it is a strep infection the doctor can promptly institute the treatment that will erect a strong defense against rheumatic fever—adequate therapy with penicillin or other antibiotics sufficient to wipe out the strep germs.

## Sales Tax Table Included With Income Tax Returns

Taxpayers in Illinois may use a state sales tax table as a guideline when preparing their 1965 Federal income tax returns. For the first time since it was introduced in 1960, the table has been printed in the tax instructions which are mailed to taxpayers. District Director E. C. Coyle, Jr., of Internal Revenue said.

The table is based on a 1960-61 study of consumer spending patterns by the Bureau of Labor Statistics and shows the average amount of state sales tax paid by Illinois residents. The table may be used by taxpayers who itemize their Federal income tax deductions.

The table omits the state sales tax on automobiles purchased. Taxpayers who purchase an automobile may add the sales tax paid on the purchase to the amount shown in the table.

District Director Coyle reminded taxpayers that they are not required to use the table. The table is furnished as a guide for the convenience of taxpayers who itemize deductions on the Federal income tax returns but who wish to use a "standard" amount for state sales tax which will not require detailed amount of state sales payers have the choice, of course, of deducting the actual amount off state sales tax paid.

## More Donors To Derby

Richard Waters, president of the Northern Illinois Conservation Club, announces some additional names in the list of donors of prizes to the Ice Derby. They are Local Heating, Vic and Nora Paulst, Antioch Landscaping, Mat's IGA Foodliner, and Jewel Tea.

Phone 395-4111 for a free Classified Ad.

## New Grand Jury Impaneled

A new Lake County Grand Jury was impaneled last week by Circuit Judge Philip W. Yager.

The 23-member jury will serve for the next four months. Seven of the jurors are women. Herbert F. White, 40, Lake Bluff, controller of the Bureau of Yards and Docks at Great Lakes Naval Training Center, was named foreman by Judge Yager.

The members of the new Grand Jury are Oswald E. Thompson, Waukegan; Donald E. Tynan, Deerfield; Mildred H. Cargill, Highland Park; H. Lawrence Wiley, Lake Forest; Marjorie E. Wypch, Libertyville; Amber O. Bloom, Waukegan; Martha J. Darmstadt, Waukegan; Shirley R. Cohan, Waukegan; Sanford E. Strickland, Lake Forest.

James E. Gallagher, Waukegan; Howard Bond, Libertyville; John W. Newell, Lake Bluff; Raymond H. Jensen, Highland Park; Edward Schwartz, Highland Park; Leo F. Holleran, Lake Forest; Pearl White, Lake Villa; Howard O. Baldwin, Lake Bluff; Thomas W. Evans, Jr., Deerfield; Jack Stacey, Jr., Lake Forest; Bernard Hammormann, Highland Park; Eleanor D. Becker, Deerfield, and Frank J. Gerchar, Waukegan.

## State Has \$99 Million Surplus

The State of Illinois ended the year with almost \$99 million dollars surplus in General Revenue Funds, according to State Treasurer William J. Scott.

In addition, says Scott, the State's income has been running at record levels for the last month and the State now has \$20 million in its clearing account.

There are three main divisions of the General Revenue Funds. Two, General Revenue 001 and the Common School Fund have larger balances than last year. The third, the General Revenue Welfare accounts balance, dropped from \$20,885,310 a year ago to \$4,755,589 at the end of 1965.

Scott also pointed out that last year the State spent \$73 million of earmarked funds which were the proceeds of the 1963 bond issue for University and Mental Health Buildings. These expenditures of earmarked

## Census Bureau To Survey Pensions

The Census Bureau plans to obtain information on the number of persons 50-64 years of age in this area, as well as throughout the Nation, who are covered by private pension plans, according to Director Theodore F. Olson of the Census Regional Office in Chicago.

The pension plan information is being obtained for the U. S. Department of Labor's Bureau of Labor Statistics. These questions will be asked in addition to the regular monthly inquiries on employment and unemployment, included in the Bureau's Current Population Survey.

The survey will also include questions asked each quarter on consumer intentions to purchase cars, houses, and major household appliances in the next three to six months.

The information will be collected during the work week starting January 17 from scientifically selected sample households in the area as well as other sample areas throughout the U. S.

Census Bureau interviewers will visit sample households in this area during January.

## Start Plants For World Flower Show

Preparations are already being made for the 1966 Chicago World Flower and Garden Show at McCormick Place from March 19 to 27.

More than 50,000 flowers of all types are being started in greenhouses to blossom during the show. Trees and shrubs are being dug from the frozen earth to spend the winter indoors, first in a dormant state and then in steam rooms. Sod and soil have been frozen and stored.

Some of the feature gardens planned are: Parks Are for People; A Children's Arboretum; An Early Summer Garden, and A Calendar of Flowers.

Gardens and special exhibits are being developed by various professional and amateur gardening groups for the show.

funds brought the total available cash balances of the State down to \$471,556,211, as compared to \$512,647,410 a year ago.

It's getting so people don't even repent at leisure.

## Lake County Payrolls Increase In 1964

Illinois payrolls, subject of social security taxes, amounted to \$4,090 million during the first quarter of 1964, 19% higher than in the first quarter of 1962, according to a report from the U. S. Department of Commerce, County Business Patterns.

The report is one in a series of State reports which provide an updated picture of the Nation's business structure, county by county.

All business and industry divisions showed larger taxable payrolls than in 1962. Lake County showed an increase of 10% in the number of employees on payrolls in 1964, as compared to 1962. Total salaries paid increased 19%, and the total number of businesses reporting increased 5.7%.

## Land Bank To Award Scholarships

The Federal Land Bank of St. Louis will again award two \$500 scholarships through the College of Agriculture at the University of Illinois for the 1966-67 school year. This will be the tenth year the Federal Land Bank has made scholarship awards.

Boys who are seniors in high school are eligible to compete for the scholarship if they plan to attend the College of Agriculture in Urbana next fall. Application forms and information regarding the awards may be secured from Agriculture teachers, Farm Advisers or local Federal Land Bank associations.

Applications must be filed with the Scholarship committee at the U. of I. not later than April 1.

## IAA Celebrates 50th Anniversary

American Farm Bureau Federation President Charles B. Shuman and Illinois Governor Otto Kerner will join more than 7,000 Illinois Farm Bureau members in celebrating the 50th anniversary of the Illinois Agricultural Association Jan. 26 in Champaign-Urbana.

The IAA was formed in what is now known as Davenport Hall on the U. of I. campus on January 26, 1916, by Farmers from 11 Illinois counties. Anniversary festivities will begin at 10:30 a.

## CHRISTIAN SCIENCE CHURCHES

"Life," one of the key terms through which Christian Scientists seek a deeper understanding of the nature of God, is the subject of this week's Lesson-Sermon in all Christian Science churches. Other key synonyms for God to be taken up in succeeding weeks are: Truth, Love, Spirit, Soul, Mind.

"Ignorance of God is no longer the stepping-stone to faith," states the denomination's textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy. "The only guarantee of obedience is a right apprehension of Him whom to know aright is Life eternal."

The Golden Text is from I John and reads: "This is the record, that God hath given to us eternal life, and this life is in his Son."

## U. I. DEAN ELECTED PRESIDENT

Dean of Students Fred H. Turner of University of Illinois was chosen president-elect of the National Interfraternity Council Conference for 1966-67 at the organization's annual meeting in Washington, D. C. More than 1,200 delegates, representing 200 colleges and universities, were represented.

m. at Davenport Hall when a plaque will be unveiled commemorating the founding of what has become the largest state general farm organization in the nation.

## THE ANTIOCH NEWS 3 THURSDAY, JANUARY 13, 1966

### DID YOU KNOW?

That of the estimated four million persons in the United States with diabetes, only half of them know they have the disease?

That diabetes is one of the few diseases that increases in incidence each year largely because it is an inherited disorder?

That in a span of 15 years, diabetes increased in the United States 100 per cent?

That in spite of the seriousness of this disease, thousands lead normal or near normal lives, often caring for themselves with insulin shots or diet?

**The only way we could make a Catalina look even better would be to show you its price tag.**

That's assuming your first glance up there tells you everything the most popular Pontiac of all has going for it. Because stretching back for nearly 18 feet behind that dashing front end is everything from a big 389-cubic inch V-8 to one of the roomiest trunks in the field. With an interior in between that's chock-full of nylon carpets, lush fabrics, chromed hardware and

hiproom. Carried over, let's not forget, a set of Wide-Track wheels to make the ride of its long 121-inch wheelbase even smoother. That, and a great deal more, is our Catalina. All part of a plot to get you to come running in breathlessly for the keys. And a peek at that price sticker we mentioned.

Special safety note: All 1966 Pontiacs include dual-

speed windshield wipers; windshield washers, outside rear-view mirror, padded dash and sunvisors, back-up lights and seat belts front and rear. (Be sure you and your riders buckle up before driving.)

## American Legion Auxiliary News

By Del Jahneke

Mrs. Lester Zikus, Americanism Chairman for the Antioch American Legion Auxiliary Unit, and Mrs. Ray Rathmann, President, have been busy contacting the schools in the Antioch area (Antioch Township High School, Antioch Consolidated Grade School, Oakwood School, Grass Lake School, Emmons School, and St. Peter's School) to see if they would be interested in having their students compete in the American Legion Auxiliary annual Americanism essay contest. All 7th and 8th grade school children are in Class I; 9th and 10th grades, Class II; and 11th and 12th grades, Class III. Awards will be presented to the

first, second, and third place winners in all three classes. The subject of the essay is "How and Why I Should Show Respect to the American Flag."

The Antioch American Legion Auxiliary will hold its regular meeting on Friday, January 14, at the Antioch American Legion Home, at 8 p.m.

## Completes Course In TV Servicing

Roger J. Gilday, Jr., Rt. 1, Box 511D, Antioch, was recently awarded a diploma in television and radio servicing by the DeVry Technical Institute after completion of a specialized home training program.

## Where The Boys Are

Airman Michael J. Roepenack.

Airman Michael J. Roepenack, son of Mr. and Mrs. Russell F. Roepenack of Antioch, has been selected for training at Chanute AFB, Ill., as an Air Force aircraft equipment specialist.

The airman, a graduate of Antioch High School, recently completed basic training at Lackland AFB, Texas.

Pvt. Dean Dowell, the son of Mr. and Mrs. Harry Dowell, Rt. 3, Antioch, is in San Diego, Calif., at the Marine Corps Recruit Depot. Dean recently entered the Marine Corps and left home Dec. 27 for San Diego.

## HOME ON LEAVE

James Nehlsen, who has been stationed in San Diego, Calif., arrived home Friday for a 20-day leave. He is the son of Mr. and Mrs. August Nehlsen, 1014 Spafford St., Antioch.

At the end of his leave, he will travel to Norfolk, Va., where he will be stationed.

Marine Private John J. Posson, son of Mr. and Mrs. Leroy C. Posson off 412 S. Thorwood Drive, Lindenhurst, was graduated Dec. 23 from Marine recruit training at the Marine Corps Recruit Depot, San Diego, Calif.

## WOMEN'S SOCIETY OF CHRISTIAN SERVICE

Gertrude Ruth Circle will have their meeting at Wesley Hall on Wednesday, Jan. 19, at 1 p.m. Mrs. Boris Garey and Miss Carrie Pauli will be hostesses.

Alice Circle will meet at the home of Mrs. Margaret Gaston, 654 Main St., Wednesday, January 19, at 1 p.m. Mrs. Samuel Ries will entertain the Martha Circle at her home, 267 Park Ave., on Wednesday, Jan. 19, at 1 p.m.

## Topics for Today's Women

THURSDAY, JANUARY 13, 1966 THE ANTIOCH NEWS 4

## MOOSE TOPICS

By Lillian Birdsall

Ruth Tremont, childcare chairman, introduced Edward J. Rowley as guest speaker for the Women of the Moose at the meeting held at the Antioch Moose Lodge, Thursday evening, Jan. 5.

Mr. Rowley, director of the Allendale School for Boys at Lake Villa, showed films on the history of Allendale. How it was founded in 1897 by Edward L. Bradley who made a home for troubled boys. A place where they could find peace and security away from the society of which they seemed unable to be a good member of the community.

Not delinquents—just boys who were dependent because they have not had the normal supervision and who were emotionally disturbed. Youngsters who come to Allendale—are placed there through public agencies, courts, welfare agencies, and some directly by their parents, boys from broken homes.

Allendale has grown to a capacity of 82 youngsters and houses 23 buildings. The staff members which consist of 51, work with these youngsters and prepare them for their life in the future. These boys, mostly between the ages of 9 and 14, are of all races and religions. Classes are small and each boy, regardless of age, begins in the grade in which he can best achieve.

A house mother, one for each of the cottages, provides the family life for the boys. Here they learn the unity of family living and they do all the chores. A normal stay for a boy at Allendale is approximately two years. They have housed over 3,500 boys in their time, boys who have been able to find new achievements and make their way through society.

Enrolled as new members on this evening were Lydia Edwards, sponsored by Charlotte Mallory and Janice Pilekow, sponsored by Gerry Mark. The next regular meeting for the W.O.T.M. will be held at the Antioch Moose Lodge, Thursday, Jan. 20, at 8 p.m.

Senior regent, Evelyn

## Lessons In Square Dance Start Tonight

A fifteen-week course of square dance lessons, sponsored by the A-C Square Wheels of Deerfield, will begin Thursday, January 13. Joe Gipson, club caller, will be the instructor. The lessons will be held at Hawthorne School on County Line Road in Mundelein, from 8 p.m. to 10:30 p.m. Further information may be obtained from Carolyn Cedergren, 536-5110.

The next club dance will be held January 15 at Woodland School in Deerfield, with Joe Gipson at the mike. Final preparations are being made for the Fun-A-Race to be held January 29 at Wheeling High School. Special guest callers will be Jerry Whitebread and "Doc" Adams. There will be a buffet after the dance at the Union Hotel on Milwaukee Ave., in Wheeling.

## OINK, INC.

Announces that the following stores in Antioch are now selling the new BACON CHEF.

TOWN MARKET

FAY'S TOYS & GIFTS

## Millburn Hornets Elect Officers

The second meeting of the Millburn Hornets 4-H Club was held Jan. 10 at the Millburn School. Mr. and Mrs. Warren Wells are the club's leaders.

The following officers were elected: president, Tom Doolittle; vice president, John Stephens; secretary, Kathy Reynolds; treasurer, Diane Geler; reporter, Gary Doolittle; and recreation leader, Diane Walker.

Tom Doolittle spoke on "Safety on Wheels"; Diane Geler, on the "Activities of 4-H"; and Heather Hunley on "The Three Kinds of Brides and Saddles."

A committee was appointed to work on the Share the Fun act for the county contest in April.

## Takes Honors At Forensic Meet

Lynette Gamble, daughter of the Rev. and Mrs. Leslie Gamble, Pana, received two of the top ratings at the East Central Forensic meet at Ada, Okla., this fall.

Miss Gamble was awarded one superior rating in the interpretation-pentathlon.

The interpretation pentathlon was one of three divisions in the tournament. The pentathlon consists of five events, prepared storytelling, and poetry reading, and unprepared reading of dramatic literature, poetry and prose.

In addition she received a third superior in interpretation at the Northwest Missouri State College tournament at Marysville.

A sophomore at Evangel College, Springfield, Mo., Miss Gamble is majoring in speech. She is a graduate of Antioch Community high school.

## LAKESIDE REBEKAH LODGE NO. 82

By Del Jahneke

The Lakeside Rebekah Lodge No. 82 will hold a public installation of their officers on Wednesday, Jan. 19, at 8 p.m. at the Antioch American Legion Home. All friends of the Rebekah Lodge and the Independent Order of Odd Fellows are invited to attend this impressive ceremony. There will be a short business meeting held at 7 p.m. for the members only, with the installation afterwards. Mrs. Arland Clark will be the incoming Noble Grand, with Mrs. Clarence Larsen as the retiring Noble Grand.

## A FISH STORY FROM FLORIDA

Curly and Art Wertz and Madeline and Lewis Patten, returning from a Florida trip last Saturday, report fair skies and good fishing. The Wertz's and Pattins were taken on a fishing trip in the Gulf by Jack and Lucille Thornton, former residents of Antioch. They hauled in 100 trout, some speckled, some silver.

The Thorntons live at Indian Rocks Beach in Florida.

## Fathers and Sons Attend Banquet

Sixty-nine fathers and sons attended the annual banquet at Wesley Hall at the Antioch Methodist Church Monday night.

Verne Gove, Gurnee, was featured speaker. Mr. Gove showed slides of canoe trips into Canada. He takes groups of boys on trips into Canada each summer, traveling by canoe and portaging where necessary.

The Father and Son banquet was given by the Methodist Men's Club. Clarence Olson is president of the Club, and Stuart Good is program chairman. Charles Watson is secretary, Sigurd Nielsen, treasurer.

The women of the Women's Society of Christian Service served the dinner.

## More Ill. Students Attending SIU

The number of students attending Southern Illinois University increased from 17,789 a year ago to 21,591 this fall. The bulk of the increase is made up of Illinois students.

Out-of-state student enrollment increased by only 174. There are 343 students from Lake County attending SIU.

The man who sticks his head above the crowd is bound to get rocks thrown at him.

## Lindenhurst News

By Mrs. Bernice Bernau  
ELiot 6-5649

## PTA MEETING

The Lake Villa and B. J. Hooper Schools P.T.A. will meet at the Hooper School on Beck and Sand Lake Roads Monday, Jan. 17, at 8 p.m.

Guest will be Mrs. William (Joan) Krater, Assistant Director of the Hypnosis Institute of Chicago. The Kraters are proprietors of the Lake Villa Pharmacy.

## Starts Seventh Year

With the Jan. 13 issue of The Antioch News, I will be starting my seventh year as correspondent for Lindenhurst. Several editors have come and gone, and I'm still here. I have met many wonderful people through writing for this paper, and hope to meet many more.

## Christmas Party

Mrs. Hilda J. Huntington treated her Cub Scouts of Den 3 to a wing ding of a Christmas party Dec. 21. She was assisted by Mrs. Dorothy Thompson.

## New Residents

Ray and Dorothy White moved into their new home at 55 N. Longmeadow Dr. two weeks ago. They lived in Venetian Village on San Rem Drive for 3½ months while their home here was being built. They formerly lived in Des Plaines. They will be married 10 years on Feb. 25, and have two sons. Ray, Jr. will be on Jan. 21, and Dale was 6 on August 18. Ray works for Shure Bros. in Evanston. He enjoys bowling for recreation.

## Women's Club to Install Officers

Mrs. Robert (Joy) Manuel will be installed as president of the Lindenhurst Women's Club Thursday, January 13, at the Civic Center. Other officers to be installed are: Mrs. Jenny Volpentesta, vice president; Mrs. Paul (Betty) Ireland, secretary; and Mrs. Craig (Pat) Rickey, treasurer. Executive board members, Mrs. Douglas (Mary Jeanne) Ploss, retiring president; Mrs. Thor (Zenita) Neumann and Mrs. Martin (Bridie) Gibbons.

## Altar and Rosary Sodality Report

Mrs. Dorothy Vogler, president of the North Lake District of A.C.C.W., sent a 'thank you' note to Mrs. Jenny Volpentesta and Mrs. Martin Gibbons for acting as hostesses at a cocktail party at Prince of Peace Church on Dec. 29, for the presidents and board members of surrounding parishes. Mrs. Annabelle Leavy will be the chairman of the Fashion Show to be held at Prince of Peace Church, tentative date, March 22. Mrs. Volpentesta and Mrs. Gibbons will be the only members of the Sodality who will model. Mrs. Frank Mindak, chairman of the Medical Missions, asked the members to bring a bottle of any kind of aspirin to the Feb. 2 meeting to be given to the Medical Missions. Members were also asked to make something, such as knitting, crocheting, embroidery, baking, etc., to be sold at the May meeting of the Sodality. Proceeds would go to the Medical Missions.

Members were asked to donate fresh fruit, canasta cards or cookies to be given to the patients at Great Lakes Hospital. Members of the Sodality were to take the donations to the hospital on Monday, Jan. 10.

## Week-end Guests

Harold and Marge Cisar of Broomall, Pa., were New Year's Eve and Day guests of Denver and Mary Shore.

## Sick List

Mrs. Julia Pearson has been sick the past week with a siege of the flu.

Little Achiel Minne came down with the chicken pox last Friday.

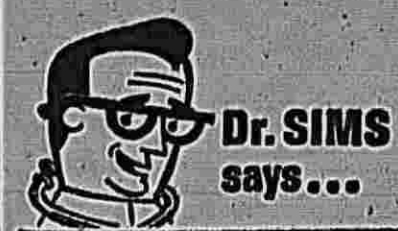

His sister, Cookie, recently got over it and just went back to school.

Mrs. Dorothy Stanley of Venetian Village has been a patient at St. Theresa Hospital for the past week.

## Christenings

Timothy Joseph Walsh, infant son of Jim and Dolores Walsh, 2107 Wittichwood Ln., was christened at Prince of Peace Church Sunday. Godparents were Mr. and Mrs. Luke (Anne) Ivers of Chicago. About 20 relatives, including the grandparents, were dinner guests.

Also, christened Sunday at Prince of Peace Church was Douglas James Anderson, the three week old son of Donald and Dolores Anderson.

A PUBLIC SERVICE OF THE ILLINOIS STATE MEDICAL SOCIETY  
DON'T WORRY ABOUT BABY'S BIRTHMARK

If your infant has a strawberry birthmark, don't worry. There's an excellent chance it will disappear on its own—without medical treatment.

Characterized by a soft and compressible red lesion elevated above the skin's surface, this birthmark (medically known as an immature hemangioma) truly resembles a strawberry.

Although it may grow rapidly during your infant's first year, don't let this frighten you. The size will eventually reach a point where it remains unchanged, usually around 18 months of age, and then recedes.

But regression is very slow. It may take two to six years before the strawberry mark disappears. By age 7, however, over 70 per cent of these marks completely disappear, leaving absolutely no trace behind.

Another type of birthmark that may disappear on its own is the cavernous hemangioma. This type of birthmark involves blood vessels conglomerated beneath the skin's surface which elevate the skin and give it a bluish color.

This birthmark's course of regression usually is similar to the strawberry mark; but it may leave a trace. This is because some of the overlying skin may remain as a soft hanging "pouch." In some cases, the appearance of the pouch may improve on its own over the years. If it doesn't improve, plastic surgery may be considered.

Unfortunately, the most common type of birthmark—the portwine stain (capillary hemangioma)—rarely disappears or fades with age. However, it often appears on the back of the scalp, where it is covered by hair.

Should this reddish mark appear on the face, certain medical treatments may be used with varying success. Perhaps the cheapest and safest treatment is to camouflage the mark with cosmetic creams prepared specifically for this purpose.

## What causes birthmarks?

There are many superstitions which hold that these marks are caused by an event in the mother's life during pregnancy—such as a frightening experience, a bad dream, etc. There is absolutely no truth to this!

Some authorities believe the marks may be caused by some defect in the child's development—perhaps a hereditary defect—which prevents the small blood vessels of the outer skin to develop properly. The exact cause, however, has not yet been determined.

## CRIME DOES PAY

A suspected thief was picked up in London's Hyde Park by an inspector from Scotland Yard. "I must warn you," said the inspector before booking the suspect, "that anything you say will be held against you."

The suspect grinned, "Elizabeth Taylor," he whispered.

son, 2100 Burr Oak Ln. His godparents were his sister, Donna and brother, Donald. The grandparents, Richard Buis and Mr. and Mrs. Earl Anderson of Chicago were dinner guests.

## Obituary

Dawn Elizabeth Jordan, 4 days old, died in Victory Memorial Hospital Dec. 31. She is survived by her parents, Mr. and Mrs. Charles Jordan, 538 Julian St., Waukegan, formerly of 2129 E. Woodland Dr., Lindenhurst, 3 brothers, Charles Jr., William and Frank; three sisters, Linda, Helen and Tammy, paternal grandparents, Frank and Helen Jordan of Waukegan and maternal grandparents, Mr. and Mrs. William Jenkins, Gages Lake. Services were held from the Nemanich Funeral Home, Monday, January 3, at 10 a.m. and then to Holy Family for blessing at 10:30 a.m. Interment was at Ascension Cemetery.

## Society Makes Progress In Fight To Save Vision

The Illinois Society for the Prevention of Blindness began a new program in its fight to preserve vision in 1965—a pre-school vision screening program.

At the invitation of a community group which can provide the volunteers, the Society group which can provide the volunteers, the Society sends trained technicians and equipment to screen the vision of children in the community between the ages of three and a half to five years. More than five percent of the children screened are found to have undetected eye problems and are referred to doctors for diagnostic testing.

The Society started its war against blindness in 1916, when it started to work to wipe out ophthalmia neonatorum (babies' sore eyes). It took 17 years to gain effective legislation (the silver nitrate law). It took seven more years to see that the legislation was enforced. In 1940, it was able to report a year without a single new case of ophthalmia neonatorum in Illinois.

Later, school vision testing was inaugurated. Trachoma clinics were opened, and not one case has been reported since 1954.

A glaucoma clinic was started in 1939. Today, the Society is conducting two free glaucoma screening programs. One is at the Eye Clinic at Northwestern University Medical School, Chicago. The other is in Illinois.

Legislation against fireworks was enacted in 1941. The Illinois Eye Bank became a program of the Society in 1947.

In August of 1965, Governor Kerner signed two sight saving bills into state law. One law controls the sale and use of BB guns and all toy spring action guns which discharge pellets. The other bill makes it mandatory for every visitor, teacher and student to wear safety glasses in all school workshops and laboratories.

Research, education, legislation and case finding are still the best weapons the Society can use. The long tradition of demonstrating the need for a program to prevent blindness before turning it over to the proper state agency will reach far into the future, freeing the Society each time to work in new areas for the preservation of sight. Half of all blindness in the world today is preventable.

## Clean Windows & Lights For Good Driving Visibility

The "bone-tired" motorist who fails to keep his windshield clear of road-muck, sleet and snow is headed for a bone-breaking winter weather crackup.

This warning was sounded by Professor A. E. Neyhart, Director Emeritus, Institute of Public Safety, The Pennsylvania State University.

Professor Neyhart, who is nationally recognized as the "father of driver education," told motorists they must be able to see and be seen if they are to survive during hazardous winter driving conditions.

"Reduced visibility due to sleet, fog, rain and snow, plus longer hours of darkness, make winter driving far more dangerous," Professor Neyhart said. "Motorists must use extra care in driving and pay more attention to vehicle maintenance."

The safety specialist warned motorists to clean the entire windshield as well as the side and rear windows and not to try to get by with a small peephole in the windshield.

"You have to see all of the roadway and also both sides

and the rear," he warned.

He also urged motorists to have their windshield wipers tested for adequate pressure, which should be at least one ounce for each inch of blade length to retard dangerous wind-lift. Most good service stations have an arm pressure scale that gives a quick reading. Special blades to minimize the effect of wind-lift at high speeds are standard equipment on several makes of cars, and they may be obtained at almost all service stations.

"A mistake some motorists make is putting too much water and not enough antifreeze in the windshield washer reservoir," the professor said. A mixture of half water and half top-grade windshield washer antifreeze solution may be used safely down to about 20 degrees below zero. Never test your windshield washers while driving if there is a chance that the solution is not strong enough, for it may freeze instantly on striking the windshield and blind you."

The professor urged motorists to check the car heater and defroster. This precaution is essential to assure clear vision.

"Before starting out, wipe snow and road-muck off headlights, tail lights and directional signals," the safety specialist said. "It is a good rule to keep one window open just a little. If your car is tightly closed, this shuts out noises you should hear, such as horns of vehicles and whistles of trains, and also increases the threat of carbon monoxide, which induces drowsiness and may even kill the car's occupants."

"When you get on the road," Professor Neyhart concluded, "keep your distance from other cars. And remember, when visibility is poor the posted speed limit may be entirely too fast. Adjust your speed to match your visibility."

The professor urged motorists to check the car heater and defroster. This precaution is essential to assure clear vision.

## Red Cross Fund Drive In March

An American Red Cross fund-raising drive, with a goal of \$92,000, will be conducted in 43 communities in Lake County during March, according to Edward Arpee, volunteer chairman of all Red Cross activities in the Lake County Region.

"The heavy expenditures by the Red Cross for victims of Hurricane Betsy, the greatly increased services to the military in Viet Nam and the normal expansion of local activities make it essential that the Mid-America chapter go over the top in all campaigns for Red Cross monies," said Arpee.

He said local fund chairmen will be appointed for each community to be solicited in Lake County and will be supported by a corps of volunteer local business and residential solicitors.

## Pure Milk Assn. To Elect Officers

A. L. Williams, general manager of Pure Milk Association, will address the annual meeting of PMA district 6 in the VFW Hall at McHenry on Wednesday, January 19, according to Avery A. Vose, district director and PMA president, Rt. 2, Antioch.

Around 700 dairy farmers from Boone, Cook, Kane, Lake and McHenry counties, Ill., and Kenosha and Walworth counties, Wis., comprise the membership of District 6.

Election of officers and transaction of other business will get under way at 11 a.m. Dinner will be served at 12 noon.

Present officers of PMA district 6 are: President, Ralph L. Nichols, Rt. 1, Hebron; vice-president, Charles P. Weingart, McHenry; secretary-treasurer, Kenneth Denman, Rt. 2, Lake Villa; re-districting committeeman, Arthur Hoppe, McHenry; resolutions committeeman, Ferdinand F. Dahle, Rt. 1, Walworth, Wis.; alternate resolutions committeeman, Russell J. Kelahan, Rt. 1, Woodstock; inter-cooperative relations committeeman, Ralph L. Nichols; and Avery Vose, the district's representative on the PMA board of directors.

Research, education, legislation and case finding are still the best weapons the Society can use. The long tradition of demonstrating the need for a program to prevent blindness before turning it over to the proper state agency will reach far into the future, freeing the Society each time to work in new areas for the preservation of sight. Half of all blindness in the world today is preventable.

## Survey To Show Effect of Religion On Family Living

A University of Illinois professor is directing a survey to determine the relationship between religion and family living.

Bernard Lazewitz, U. of I. sociology professor, said that a large scale survey will be conducted in a random sampling. Three thousand personal interviews will be held with Protestants, Catholics and Jews.

Purpose of the projects is to gain a detailed picture of religious life and trends in Illinois and to see how religious outlook influences family stability and growth, careers and the handling of social problems.

Lazewitz said the study has been endorsed by Dr. Franklin Rector, Illinois Council of Churches' director of research and church planning; Church Federation of Greater Chicago; Catholic Archdiocese of Chicago; Chicago Board of Rabbis; National Jewish Welfare Board and Chicago Jewish Community Centers.

## Coast Guard Reserve Offers Commission

The P. S. Coast Guard is seeking college graduates for its February 1966 class at the Officer Candidate School, Coast Guard Reserve Training Center, Yorktown, Virginia.

Successful candidates will be commissioned as Ensigns in the Coast Guard Reserve upon graduation. They will be required to complete three years of active duty after receiving their commissions.

To qualify, the men must be between 21 and 26 years of age and must be college graduates or seniors who will graduate before February 18, 1966.

The officer candidates will receive 17 weeks of intensive, highly specialized training in navigation, seamanship, gunnery, damage control, anti-submarine warfare and other subjects.

In addition graduates will be eligible for flight training.

For complete information write Commandant (PTP-2), U. S. Coast Guard, Washington, D.C., 20226.

## Parking Lights For Parking Only, Says Safety Commission

Parking lights are for parking only, says the law, and the Lake County Safety Commission.

Many Lake Counties are breaking the law on our highways, especially early mornings and early evenings.

Play it safe and use your driving beams when you are moving; it's safer, accident wise and ticket wise.

The Lake County Safety Commission reports that of the 94 highway fatalities in Lake County last year, 32 were killed in Sunday accidents while only 2 fatal accidents occurred on a Wednesday.

## Pale Hot Dogs From Now On

No more colored water when you cook hot dogs from now on. Since Jan. 1, the use of any artificial coloring in sausage products, wieners and franks, is prohibited by law.

Artificial coloring has previously been allowed in the state. However, the 7th General Assembly passed legislation prohibiting the use of artificial color in this state, as suggested by the Illinois Department of Agriculture.

## Some Safety Tips For Winter Sports

With good sense and some forethought, many of the accidents associated with winter sports can be avoided. The first common sense rule is that all equipment used be in A-1 condition. Check your child's sled before he goes whooshing downhill. Is the steering mechanism in good shape? Does it respond quickly to the directing hand.

Are the ice skate blades sharp enough so that junior doesn't find himself partly immobilized when he expects to be waltzing gracefully around the rink? Do the skate shoes fit properly? This is important, because balance is affected if the feet don't have enough room and the shoe doesn't hug the ankle properly.

Are the skis the right length for the height of the user? Do the boots fit well? Does the binding holding the boot to the ski hold fast? Are the ski pole loops secure?

Good sense also requires that the sportsman do what he can do—and not try fancy stuff too advanced for him. Going up and down the intermediate slope until its incline is handled perfectly is better than trying the ad-

vanced run too soon, with maybe a broken leg as a souvenir.

Skate, sled and ski in the proper surroundings. A supervised skating rink is better than an unsupervised lake which may or may not be thoroughly frozen. A hill in a park is better for sledding than a hill letting out into the street, where the traffic may be a problem. Skiing down a run that may have stumps or rocks too close to the surface is asking for trouble.

A last word: Dressing properly is important. Too tight pants, which don't allow you to bend the knees, are a hazard to skater and skier alike; so are trailing scarves and masks that can slip and obscure vision.

## Take Action On Drivers License

The driver's license of John P. DeMarchi, Rt. 5, Box 54, Antioch, was suspended recently following three violations, according to Secretary of State Paul Powell.

## DEATH NOTICES

### EDWARD M. BABE

Mr. Edward M. Babe, 51 years old of 9 Sheridan Rd. at Wilson in Antioch Township passed away suddenly of a heart ailment at the home of his parents at 1:15 p.m. on Saturday, Jan. 8.

He was born Aug. 20, 1914 in Chicago, then moved to Kalama, Washington in 1938. He entered the U. S. Navy in 1942 and upon his discharge in 1945 went to Portland, Oregon and has resided in Antioch for the past 8 years.

He held membership in Greater Lodge No. 3 of the Loyal Order of Moose in Chicago and also Loyal Order of Moose No. 525 at Antioch. He had worked as a heavy equipment operator.

Survivors are two children, James and Judy, his parents, Herman and Hannah Babe, Antioch; three sisters, Mrs. Chester (Ruth) Tarkowski, Antioch, Mrs. Harold (Juanita) Pedersen, Round Lake, Mrs. Robert (Charlene) Comens, Carpentersville, Ill.; three brothers, Robert Babe, Bensenville, Richard Babe, Chicago, and William Babe, Antioch.

Funeral services were held at 1:00 p.m. Tuesday at the Strang Funeral Home in Antioch.

Rev. Wilton Anderson of St. Stephen's Lutheran Church in Antioch officiated at the services. Interment was in Concordia Cemetery at Forest Park, Ill.

### NELS H. CONWAY

Mr. Nels H. Conway, 73 years old of Channel Lake near Antioch, passed away at 11:30 a.m. on Sunday, Jan. 9 at the V. A. Hospital at Downey after a 3 year illness.

He was born Sept. 9, 1892 in Chicago and resided there until moving to Channel Lake in 1956. He had retired in 1952 after working 13 years as a foreman at the tool crib at Appleton Electric in Chicago. Mr. Conway had served in the U. S. Navy from Aug. 19, 1913 until Sept. 8, 1919.

He is survived by a daughter, Mrs. Bernard (Betty) Willett, Channel Lake, a stepson, Thomas C. Lange, Waukegan, a brother, Chester Conway, Chicago, and one granddaughter, Mary Ellen Lange, Waukegan.

Funeral services were held at 10 a.m. Tuesday at the Strang Funeral Home in Antioch. Rev. Donald Cobb of the Antioch Methodist Church officiated at the services. Interment was in Grass Lake Cemetery. Friends called at the funeral home after 3:00 p.m. on Monday.

### MARLON W. HAGEN

Marlon W. Hagen, 43, late of 2812 Ezra Ave., Zion, died January 5, 1966. He was a past governor of the Antioch Moose Lodge.

Survivors are his wife, Elsie, three sons, Jerry, Marlon Jr., and Chip; four daughters, Kathy, Debbie, Wanda and Lisa; his parents, Mr. and Mrs. Oscar Hagen of Antioch; two sisters, Mrs. Cecil (Vera) Smith of Kenosha, Wis.; Mrs. Arlin (Adeline) Gilner of Wisconsin Dells, Wis.; two brothers, Wendell Hagen of Camp Lake and Dean Hagen of Lawton, Oklahoma.

Funeral services were held at 10 a.m. Saturday at the Congdon Funeral Home, 3012 Sheridan Rd., Zion, with the Rev. William Mason of the Christian Catholic Church officiating. Interment was in Mt. Olivet Memorial Park in Zion.

### JAMES E. RUNYARD

Mr. James E. Runyard, 53 years old of Channel Lake near Antioch, passed away Thursday morning, Jan. 6, from a heart attack, while operating a grader for Antioch Township road commissioner from 1955 to 1963, and has been employed by the township commissioner since that time.

He was born Feb. 14, 1912, at Channel Lake and has lived there all his life. He married Irene Lavi on July 22, 1933 in Waukegan, Ill.

Mr. Runyard held membership in the local Republican Club. He had been Antioch Township road commissioner from 1955 to 1963, and has been employed by the township commissioner since that time.

He is survived by his wife, Irene, a daughter, Mrs. James F. (Janice) Hamilton, Chicago, three sisters, Mrs. Dorothy Cohen, California, Mrs. Cella Mickle and Mrs. Ethel Dietrich, both of North Miami, Florida; two grandchildren, Jimmie, 8 yrs. old, and Janice Hamilton, 3 years old of Chicago.

Funeral services were held at 1:00 p.m. Saturday in the

Strang Funeral Home at Antioch. Rev. Donald Cobb of the Antioch Methodist Church officiated at the services. Friends called at the funeral home after 3 p.m. on Friday. Friends desiring may make contributions to the Antioch Rescue Squad may do so.

### FRED F. LIBERT

Fred F. Libert, 70, of 837 Wolfram, Chicago, passed away Saturday morning, Jan. 8, at Passavant Hospital in Chicago. Mr. Libert was a driver and North Division Circulation Manager for the Old Chicago Herald Examiner for 15 years and in 1927 resigned from the paper to become a Chicago fireman. He retired in 1947 after completing 20 years as an Engineer for the Chicago Fire Department. In 1940 he returned to the newspaper as a driver and at the time of his death he had completed 30 years of service with the Chicago American and its predecessor newspaper.

Mr. Libert had a summer home in Morley Subdivision, Lake Catherine, from 1930 to 1947.

He is survived by his wife, Helen; a son, Fred, of Channel Lake; four grandchildren, Fred III, Julie (Portalski), Cindy and Kris and two great-grandchildren, Kristi and Karen Portalski.

Funeral services were held Tuesday, January 11, with interment at St. Lucas Cemetery, Chicago.

### JOHN POLZE

John Polze, 79, of Rt. 1, Salem, died at his home Tuesday morning, Jan. 11. He was a retired farmer.

Mr. Polze was born April 14, 1886. He was married January 24, 1906, to Emma Zastrow in Milwaukee.

Survivors are his wife, Emma; two daughters, Mrs. Les Palmer, Antioch, and Mrs. Eugene (Betty) Arnold, Salem; two sons, Charles Polze, Burlington, and Ernest Polze, Salem; seven grandchildren, and one great-grandchild; two sisters, Mrs. Louise Brown, Milwaukee, and Mrs. Amanda Schimmel, sennig, California.

Funeral services will be held Friday, January 14, at 2 p.m. from the Schuette, Werth and Daniels Funeral Home at 157 South Pine, Burlington. Interment will be in Wilmet Cemetery. Friends may call at the funeral home after 4 p.m. Thursday.

### CLARENCE V. SCHULTZ

Clarence V. Schultz, 59, manager of the Golden Oaks Farm in Waukegan for the last 15 years, died after a brief illness Wednesday morning, Jan. 12, in St. Therese Hospital in Waukegan.

Mr. Schultz was born Oct.

## 1966 Income Tax Info Available At Local Office

Taxpayers are receiving notices through the mail that the 1966 filing period is under way, and time to file 1965 Federal income tax returns. The notices come in packages with 1040 or 1040A forms, instructions and schedules. For the first time the sales tax table has been included in the 1040 instruction pamphlet.

Director E. C. Coyle, Jr., of the Chicago District, explained the basic filing requirements. Every citizen or resident of the United States—whether adult or minor—who had \$600 or more gross income in 1965 is required to file a return. For taxpayers 65 or over a return is not required unless gross income was at least \$1,200.

The tax forms mailed to the taxpayers are pre-addressed. Mr. Coyle asks that these forms be used for filing purposes. This will help assure correct crediting to the taxpayer's account and will facilitate processing of tax returns, including issuance of refunds. If any changes of spelling or address are required they can be made on the pre-addressed form.

Returns should be filed as soon after January 1 as possible, but not later than April 15. Taxpayers of the twenty-six counties of northern Illinois should file their returns with the District Director of Internal Revenue, 17 N. Dearborn Street, Chicago, Illinois 60602.

## Drowns After Falling Through Thin Ice

The mild weather and the thin ice that went with it resulted in the first drowning through the ice that has happened in Lake County in many years.

Timothy Preston, 5, drowned in a pond near his home last Wednesday. He was the son of Mr. and Mrs. James Preston, who live at the Chris-Mar Mink Ranch near Waukegan.

The boy's body was found by Roland Meiners, owner of the mink ranch, after he noticed a hole in the ice. The boy drowned in about four feet of water.

Additional new features that will save you both time and steps include plenty of free parking . . . Two convenient drive-up windows . . . And a handy walk-up window.

We look forward to being increasingly helpful to our present customers and to serving many new friends.

PUBLISHED BELOW YOU WILL FIND OUR YEAR-END STATEMENT WHICH WE ARE PROUD TO PRESENT

Assets  
Now Over  
16  
Million

The Directors, Officers and staff of the STATE BANK OF ANTIOCH express their appreciation to the many depositors who have made it possible for us to attain this significant milestone.

We like to believe that our growth, particularly in recent years, has been the result of neighborly, personalized attention to the problems of each customer. This kind of personal attention is exactly what every staff member, every officer, every director sets as his contribution to developing a high standard of full service banking.

# Sequoits Score 3rd Conference Win

Antioch's Sequoits registered their third conference victory Friday night by beating a hot shooting Lake Zurich quintet 69 to 65 on Antioch's court. Both teams hit around the 50% mark from the field but the Sequoits held on to an early lead for the win.

The Sequoits took an early 19 to 11 first quarter bulge and then matched the Bears' 22 point burst in the second quarter to hold an eight point lead at halftime.

Lake Zurich rallied in the third period and pulled to within five points by the end of the quarter. With a little less than three minutes to play, the Sequoits led by only one point. A jump shot by Bob Schenk and another basket by Tom Blackman put the Sequoits back on top again and they held that margin to the end.

The Sequoits showed balanced scoring as all five starters hit in double figures. Bob Schenk led with 16 followed by Tyrone Walls, 15, Mike Sterbenz, 14, Tom Blackman, 13 and Don Zeman with 10.

Tom Blackman led the Sequoits in rebounding with 17 followed by Sterbenz and W. Walls with nine and six respectively. Jim McGrath was the leading scorer for the Bears with 19 points on 9 baskets and one free throw.

The Sequoits have a double weekend coming up as they go to Grayslake for a game with the Rams Friday and then will engage Wauconda at home Saturday.

| Antioch (69)     |                |   |
|------------------|----------------|---|
| Walls            | 15             | 7 |
| Sterbenz         | 14             | 6 |
| Blackman         | 13             | 6 |
| Kelly            | 10             | 0 |
| Schenk           | 16             | 7 |
| Zeman            | 10             | 3 |

## GEESSE BAGGED

Hunters bagged 15,079 geese during the Southern Illinois season, officials of the Illinois Department of Conservation said last week. The season began on Nov. 8 and ended on Dec. 23.

Most of the geese, 9,334, were taken around Horsehoe Lake, north of Cairo, in Alexander County. Hunters in Union County bagged 5,095 Canadas and 650 were taken in Williamson County.

# Young Antioch Bowlers Are County Champs

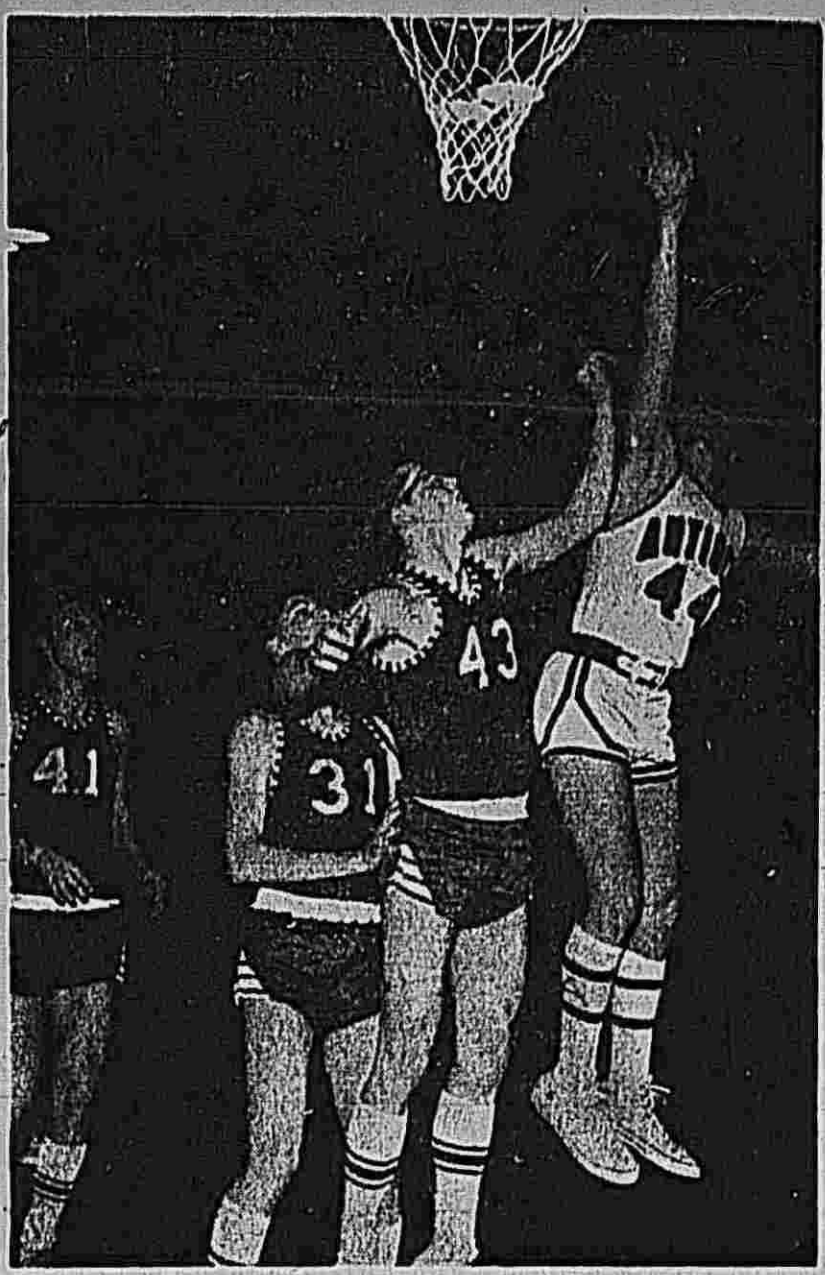

Antioch youngsters in the Bantam and Junior Divisions swept the Lake County tournament in the semi-finals of the AJBC bowling tournament last Saturday, Jan. 8.

The semi-finals were held at the Antioch Bowl. Bowling in the competition were teams from Lake County who had won in the preliminaries at their respective alleys on Dec. 28 and 29.

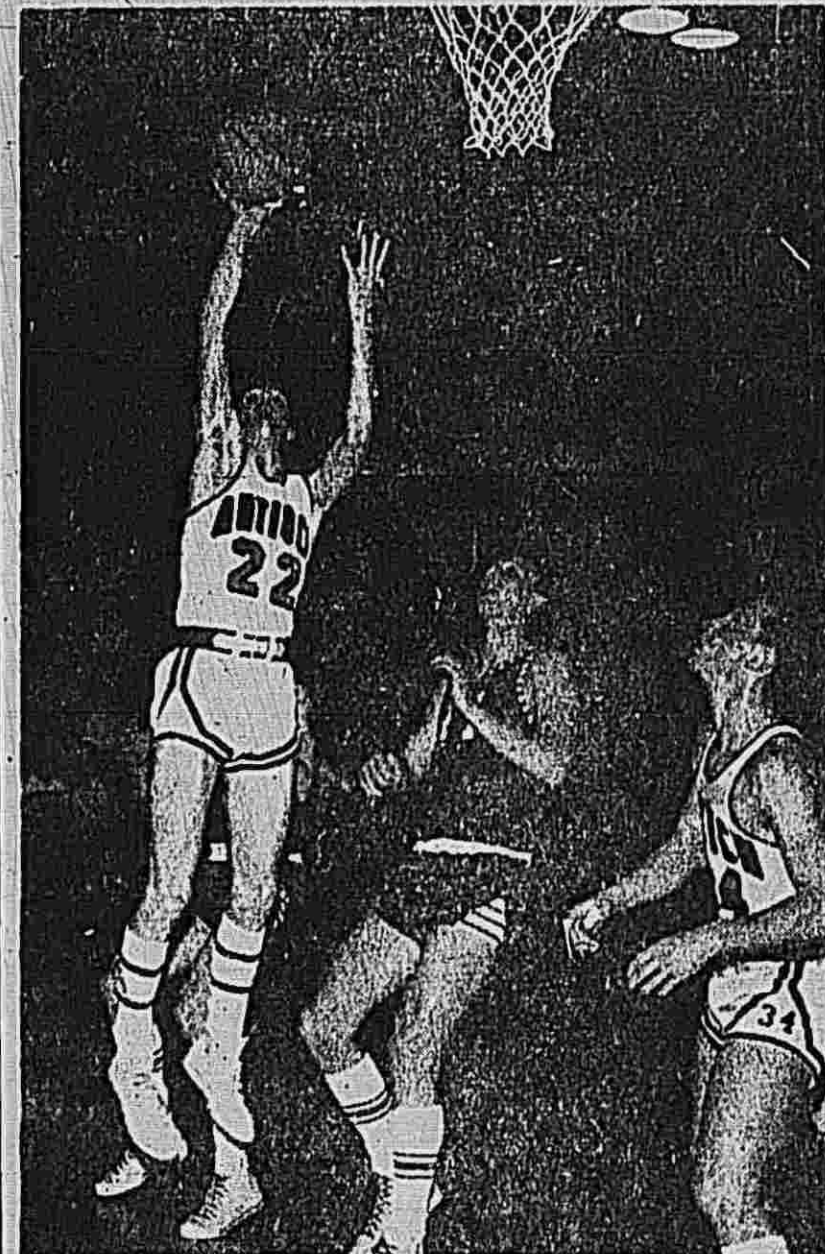

The winning Antioch teams competed against teams from Bertrand's Lanes, Sunset, Ingleside, Fox Lake, Grayslake, Round Lake and Great Lakes bowling alleys.

The four winning Antioch teams will travel to Champaign on March 26 for the tournament finals. In Champaign they will compete with teams from all over the state.

The handicap tournament is held yearly by the American Junior Bowling Congress. Following are the winning teams and their scores:

Mike Sterbenz gets off a shot in spite of the efforts of Lake Zurich defender Bill Baumgartner (43). Sterbenz was one of the Sequoits leading scorers in Friday night's 69 to 65 win over the Bears.

Don Zeman (22) drives in and lays it up for two points to help the Sequoits to their third conference win.

# News of Lakes Sports

THURSDAY, JANUARY 13, 1966 THE ANTIOCH NEWS 7

## Sequoit Grapplers On Winning Streak

The Antioch High wrestlers have shown steady improvement in winning their last four straight meets to bring their season record to 6 wins and 3 losses. The streak started with a 27 to 15 victory over Dundee on Dec. 20, followed by a 31 to 18 win over Cary-Grove on Dec. 21. This past weekend the winning streak was extended with a 30 to 18 win over Salem and a 34 to 13 win over Lake Zurich.

Winning for Antioch in all four meets were: Bruce Knutsen (103), Wayne Hansen (105), Brad Ipsen (180), and Howard Zimmerman (Hwt.). Other Antioch wrestlers scoring 2 or more victories were: Wilford Wells (95), Bruce Megleo (120), Tom Aerne (138), and Mike Wells (145). Brad Ipsen, team captain, continues to lead the team with an unblemished 7 and 0 record.

| NORTHWEST SUBURBAN CONFERENCE STANDINGS |     |

## Snowmobile Derby At Eagle River

More than 200 of the top American and Canadian snowmobile pilots will compete in the World's Championship Snowmobile Derby at Eagle River, Wis., on Sunday, Jan. 16.

Contestants will be racing over a rugged 5.2 mile course through woods, swamps and open flatland north of Eagle River. The races begin at 9 a.m.

Special entertainment for racing fans includes a spectacular snowmobile jumping team from Canada. The Bombardier Sault Ski-Do team holds the world record with a 54 foot snow machine jump and will entertain for an hour, beginning at 1:30 p.m. In addition, Canada's famed Banham Circus will be on hand to entertain the youngsters.

On Saturday, Jan. 15, the Derby is preceded by a 60-mile snowmobile marathon beginning at 9 a.m. from Rhinelander to Three Lakes to Eagle River and return. The combined events are sponsored by the Lions Club of Eagle River and Rhinelander.

## Freshman Sequoits Win Five Straight

The Sequoit freshmen ran their victories on the basketball court up to five straight when they defeated Lake Zurich 64 to 38. The freshman squad now has a 5-2 record for the season.

The wins have been over Grant, Lake Forest, Warren, Salem and Lake Zurich.

Dave Camp led the Antioch scorers in the Lake Zurich game, with 31 points. Also scoring for Antioch were Steve Owens, Jerry Martin, Rodney Boswell, Greg Williams, Jim Carlson and Fred Fetting.

The next home game will be on Monday, January 17 at 4:15 p.m. The Sequoits' opponents will be Wauconda.

## Local Sportsmen On TV Show

If you were watching Channel 26 on your TV Saturday night, you would have seen two local sportsmen being interviewed by Gary Arnold.

The two TV "stars" are Dick Waters and Harry Stern, president and publicity chairman of the Northern Illinois Conservation Club. The program is Adventures Unlimited, produced by Barbara Cornman.

Waters and Stern went to the 43rd floor of the Board of Trade building for the interview. Station WCIU broadcast the program at 10:30 p.m. This is a UHF station.

The two men were interviewed on details about the club and the Ice Derby. A film on ice fishing in the Arctic was shown and Waters and Stern also supplied commentary for that.

## NICC To Elect Officers For 1966

Election of officers of the Northern Illinois Conservation Club will be held Wednesday, January 26, at 8 p.m. To be elected are president, 1st and 2nd vice presidents, secretary, treasurer and seven directors.

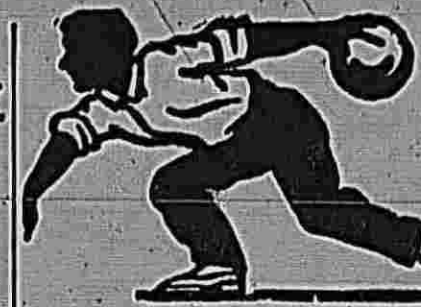

Club officials ask that members report to the clubhouse at noon Saturday, Jan. 15, to help set up shelters for the Ice Derby the next day. Help will also be needed at 6 a.m. Sunday, Jan. 16. If you can't face the wintry blasts this early, club president Richard Waters asks that members report on the ice Sunday to help in running the Derby.

## Locals Score In Bowling Tourney

Antioch bowlers have been "bringing home the bacon" from various holiday tournaments in the area.

Madeline Patten took first place in the Thanksgiving Women's Singles at the Harbor Lanes. "Pat" bowled a 610 actual series to win the tournament. With her handicap, she led the field with a 646.

The Schienleben's, George and Ann, also brought home some cash from the New

## PERFORMANCE THE CHEVROLET WAY

It's our Turbo-Jet 396: the V8 strong enough to run your Chevrolet and its automatic transmission, power steering, air conditioning, power windows, AM/FM Multiplex Stereo radio. And more. Without even breathing hard. Reason is, a Turbo-Jet V8 breathes deeper. Breathes freer. Delivers more usable power whenever you need it—like for safer passing. Works more efficiently. Where the smaller engine hurries, a Turbo-Jet V8 just loafs along. You try it, at your Chevrolet dealer's. And nowhere else.

We offer two Turbo-Jet 396 V8s for '66. You can order 325 hp in any Chevrolet; 325 or 360 hp in a Chevrolet SS 396. There's also a 427 cu.-in. Turbo-Jet (up to 425 hp) available in Chevrolets and Corvettes.

## Science Museum Has Record Attendance

Attendance at Chicago's Museum of Science and Industry hit an all-time high during 1965. There were 3,044,307 visitors to the Museum last year, compared to \$2,906,567 in 1964.

Busiest month of the year at the Museum was August. The biggest week was from August 2 to 8, when 122,875 persons checked in. And the biggest day in the Museum's 32-year history was Dec. 12. The drawing card was the colorful Polish native Christmas pageant presented that day. There were 47,251

visitors that day.

The growth of the Museum's appeal is attributed to its expanding use by schools and to the large number of new or updated major exhibits.

One of the next exhibits at the Museum is by the National Foundation March of Dimes, entitled, "A Miracle Gone Wrong," and depicts the militant campaign to counteract birth defects. Another, from the Mayo Foundation at Rochester, explains the structure of the body and the function of the senses.

The Museum was singled out for honors three times

last year. The Federal Republic of Germany bestowed its Commander's Cross of the Order of Merit on Museum President Lohr. The U. S. Army awarded its Certificate of Appreciation to Lohr and Museum Director Daniel M. McMaster. And the City of Chicago honored Major Lohr with its Medal of Merit as Chicago's most popular attraction.

There is no time for day dreaming while driving a car. Failure to pay complete attention to the job of driving is a serious mistake and an underlying cause of many traffic accidents.

## Kerner Proclaims March of Dimes Month in January

Governor Otto Kerner has proclaimed January, 1966 to be "March of Dimes Month," and has urged the citizens of Illinois to contribute to the health agency's campaign against birth defects.

The governor noted in his proclamation the high nationwide incidence of birth defects and stated, "These tragic conditions place overwhelming emotional and social stresses on family life and constitute a serious com-

munity health program. The full resources of an enlightened public must be mustered to meet this increasingly urgent problem."

The National Foundation's programs against birth defects include research grants supporting a wide range of investigations. Three of these projects, in virology, inborn errors of metabolism, and chromosomes, are carried out at the University of Chicago and University of Illinois College of Medicine.

In addition to its research endeavors, the March of Dimes supports a national network of 57 special treatment facilities, one being

## THE ANTIOCH NEWS 8

at Presbyterian-St. Luke's Hospital in Chicago.

Governor Kerner said, "I strongly urge all of our people to contribute generously to the March of Dimes."

You can't stop on an icy dime, but you will have much better control if your tires have good treads. In summer you might get away with a weak battery, smooth tires, worn windshield wipers and other faulty equipment, but for winter driving you need all of your safety equipment in good condition.

## during January

## Legal Notice

**IN THE CIRCUIT COURT OF THE 19TH JUDICIAL CIRCUIT, LAKE COUNTY, ILLINOIS PROBATE DIVISION**  
ESTATE OF ELLA BELLE RICHARDS Deceased, FILE NO. 65P-636

Notice is hereby given pursuant to Section 194 of the Probate Act, of the death of the above named decedent and that letters Testamentary were issued on January 3rd, 1966, to LILLIE PETTY, 1038 Spafford, Antioch, Illinois, whose attorney of record is Ted C. Larson, 380 Lake Street, Antioch, Illinois, and that the first Monday in the month of March, 1966, is the claim date for the estate.

Claims against said estate should be filed in the Probate office of the Clerk of said Court, County Court House, Waukegan, Illinois, and copies thereof mailed or delivered to said legal representative and to said attorney.

STEPHANIE SUTTHIN  
Clerk of the Court  
(Jan. 6-13-20, 1966)

**Delegates Back From Circuit Convention**

Seventy-five area residents, delegates of the Antioch congregation of Jehovah's Witnesses, have returned from a circuit convention held at Steinmetz High School.

The assembly provided a program of ministerial instruction and family counsel for those in attendance. Leading the Antioch delegation was Robert Willett, presiding minister of the Antioch congregation, his wife Hazel, son Timothy, and daughter Nancy.

The program included a baptism of new ministers and a variety of talks and demonstrations.

The schedule of weekly meetings held by the Antioch congregation will now be resumed.

Pleasure butts in even where everything is supposed to be business.

## Narcissus Is Easy Plant To Grow

The Paper-white narcissus has been named Plant of the Month for January at the conservatories in Garfield and Lincoln parks.

This is one of the easiest plants to grow for January blooming and is popular with amateur flower growers. It requires only a minimum of care and can be grown either in water, using pebbles to hold the bulb upright, or in fiber which can be procured from seed stores. One half or more of the bulb should show above the rooting material.

Small pieces of charcoal placed in the bowl will prevent the water from becoming stagnant. The water level should be maintained just below the base of the bulb.

After two or three weeks in a cool, dark place, or when the plant first begins to sprout, the narcissus should be placed in a sunny window with a temperature of 60 to 65 degrees. If thus rooted in the dark better flowers will be obtained.

If the bulb is started too early and kept in temperatures over 70 degrees, a lanky leaf growth will result and the plant may bloom poorly. A lower temperature produces a shorter and better plant.

Bulbs should be procured from a reliable dealer and should be potted immediately after purchase. When the bulb is started in fiber or soil this material should be kept moist constantly. The soil for potting should be composed of two-thirds good garden loam, one-third leaf mold, or well-damaged manure, and sufficient sand to permit good drainage.

Use a six to eight-inch pot or bulb pan and plant five to nine bulbs in each container. Allow one-half inch of space between the top of the soil and the top of the pot to insure good watering when the plants are being forced.

Paper-whites should not be started before the middle of October. It usually takes them four to six weeks to come into bloom. A succession of blooms can be obtained by bringing the bulbs into a room at intervals after the plants are well rooted.

Bumper to bumper driving is a dangerous highway traffic hazard. A sudden stop on the highway can mean a disastrous pile-up of cars if they are traveling too close together. Always leave enough distance between you and the car ahead for a safe stop.

## State Highway Projects To Cost Over \$200 Million

Governor Otto Kerner has announced that \$217,500,000 will be spent on state highways this year.

Of this amount, \$147,200,000 is earmarked for work on interstate highways and \$70,300,000 for non-interstate highways, Director Francis S. Lorenz of the Department of Public Works and Buildings said.

Of the \$217 million, the state will provide \$41,400,000, local sources will provide \$17,000,000, federal funds will provide \$159,000,000 of which \$132,500,000 used on interstate highways and \$26,000,000 on non-interstate routes.

The 1966 program provides for the continued construction of interstate highways as rapidly as federal funds permit. Eight lettings are scheduled for 1966, the first one in Springfield on January 28.

It is estimated that about \$6 million in federal funds will be apportioned to Illinois for a highway beautification program. Projects to be undertaken will consist of landscaping primary highways, rest areas on primary of scenic easements. This work will be financed entirely with federal funds.

Approximately 87 miles of new interstate highway were opened to traffic throughout the state during the year. An additional 46 miles of paving were completed on other highways. Other construction completed in 1965 included 364 miles of bituminous concrete resurfacing, 179 miles of low type bituminous surfacing, 72 miles of gravel or crushed stone surfacing, 27 miles of earth grading, 95 new bridges and 103 grade separation structures.

High priority projects include the completion of Interstate 80 through Joliet and

to a connection with the Tri-State Highway at Hazel Crest. There will be construction of 13.4 miles of paving, heavy grading on 17.2 miles and construction of nine structures on Interstate 74 between Galesburg and Interstate 80.

The 1966 program includes paving on Interstate 74 between Mahomet to Champaign, on Interstate 57, Interstate 280 in the Rock Island area.

One of the construction projects on state highways scheduled for this year is the construction of additional lanes on Ill. 131 (Green Bay Road) from south of Ill. 132 in Gurnee to Buckley Road.

## "Art" Brings Zero Weather To Area

Residents of Northern Illinois were beginning to wonder if winter might pass them by this year. But "Cold Spell Arthur" chilled such wishful thinking on January 8 when thermometers plummeted to below zero in some communities.

Northern Illinois Gas Company uses men's names to record cold waves that hit its service area. NI-Gas distributed 2 billion, 816 million cubic feet of gas during the two days that "Art" is in this area.

Weather and gas sendout experts at NI-Gas define a cold spell as at least two consecutive 24-hour periods where the average daily temperature is 19 degrees or less. Cold spell Arthur was a late-comer compared with last winter's first cold wave, which arrived on November 20, 1964.

Now that "Art" has made its appearance, can cold spell Barney be far behind?

## Winter Meeting Of Catholic Women Slated

The Winter meeting for North Lake District of the Archdiocesan Council of Catholic Women will be held at Our Lady of Humility, Wadsworth Road, Zion, on February 2, at 7:30 p.m.

Mrs. Jerome A. Vogler, Rt. 1, 1505 Petite Lane, Lake Villa, is district president, and the Rev. David J. Lynch is district priest adviser and pastor of Prince of Peace Parish.

This meeting is open to all Catholic women interested in participating in the work of Lay Apostolate implemented by the nine mandated committees: Spiritual Development, Discussion Club, Library and Literature, Medical Missions, Decency Crusade, St. Vincent's Orphanage, Girl Scouts, Our Lady's Volunteers, and Community Service.

Council work is under the sponsorship of His Excellency, The Most Reverend John Patrick Cody. There are 23 districts involving some 75 organizations, with an approximate membership of 50,000 Catholic women.

Following a brief general meeting called to order by Mrs. Vogler, the parish chairmen will meet in separate sessions with their respective district chairmen. The committee sessions are considered an excellent means of communicating novel ideas as well as training Catholic women for leadership in their communities.

Mrs. Donald Collins is hostess president of Our Lady of Humility Altar and Rosary Society.

Parishes included in North Lake District are: St. Peter, Antioch; St. Bede, Fox Lake; St. Gilbert, Grayslake; Prince of Peace, Lake Villa; Holy

Rosary, North Chicago; Holy Family, North Chicago; St. Peter, Volo; Mother of God, Waukegan; St. Bartholomew, Waukegan; St. Joseph, Round Lake; St. Patrick, Wadsworth; St. Anastasia, Waukegan; St. Dismas, Waukegan; Immaculate Conception, Waukegan; St. Joseph, Waukegan; Our Lady of Humility, Zion; Star of the Sea Sodality, Great Lakes; and Women's Catholic Club of Waukegan and North Chicago.

## U. of I. Second In Alumni Gifts

University of Illinois ranked second among 12 state universities reporting more than \$300,000 in alumni gifts to the Annual Fund in 1963-64, according to a statement by John A. Pollard, Vice-President-Research, Council for Financial Aid to Education, life, just released.

Speaking at the 79th Annual Convention of the National Association of State Universities and Land Grant Colleges Pollard cited University of Michigan as the leader in alumni giving for 1963-64 with gifts of \$1,005,879. Illinois had a total of \$836,899, followed in order by Indiana, Ohio State, Texas, Purdue, Wisconsin, Virginia, Kansas, and Texas A. & M.

University of Illinois was sixth among institutions Pollard ranked on the basis of receiving more than \$1 million in private gifts and grants. The total of private gifts and grants at the University in 1963-64 was \$5,600,886, with 14.8 per cent coming from alumni gifts and grants.

The ranking by institutions in the first 10 for private gifts and grants was: University of California (statewide), Michigan, Texas, Wisconsin, Delaware, Illinois, Virginia, Kansas, West Virginia, and Oklahoma.

Let a Gas dryer brighten  
the 60 most miserable  
days of the year.

Special trial offer.

SLEET, SNOW, WIND, RAIN—no doubt about it, we'll get our share during the next 60 days. Now's the ideal time to let a gas dryer help you ignore the weather. Take advantage of our 60-day Proof of Performance offer and learn how wonderful a gas clothes dryer can be.

Just visit any Northern Illinois Gas showroom or have one of our representatives call on you. Select the model you'd like to try for 60 days. Choose from one of these leading makes:

Hamilton, Norge, Philco-Bendix, Speed Queen, Whirlpool. If you decide not to keep the dryer, we'll pick it up and refund any payments you have made. Low monthly payments can be arranged, with up to 36 months to pay.

Gas dryers dry big loads for just a penny—about one-fourth the cost of other automatics. What you save in operating costs practically pays for your dryer! Gas dryers pay other dividends, too. They're kind to your clothes; save you work, time and trouble. Try one for 60 days. It'll put spring in your step.
